

CONFIDENTIAL: M&A; Strategic Acquisition Plan - Project Titan

CLASSIFICATION / ACCESS LEVEL: EXECUTIVE BOARD & SENIOR MANAGEMENT EYES ONLY

STRICTLY CONFIDENTIAL: This strategic planning document outlines the corporate acquisition strategy codenamed 'Project Titan' for fiscal year 2026.

Target Company Profile: CloudMetrics Inc., a Boston-based startup specializing in automated AI telemetry and distributed observability analytics with \$6.2M ARR and 38 enterprise customers.

Proposed Transaction Terms: Total acquisition valuation negotiated at \$38,000,000 USD, structured as 65% cash (\$24.7M) and 35% DMS Solutions Series C Preferred Stock (\$13.3M).

Strategic Rational & Synergy: Integrating CloudMetrics' proprietary machine learning engine into DMS Solutions' core platform will accelerate our AI monitoring roadmap by an estimated 18 months.

Execution Timeline & Milestones: Non-binding Letter of Intent (LOI) signing targeted for October 15, 2026. Confidential confirmatory due diligence will run through November, with formal public closing announced on December 10, 2026.
